

APPLICATION AND AGREEMENT FOR COMMUNITY HOUSING AT BRIERCREST COLLEGE

Briercrest College is a school that provides a strong community experience. Exit Interviews consistently report this aspect of student life is the most appreciated. It is important to note that the strength of community life does not happen by accident. Dorm life aids students to engage deeply in their community and build relationships of support and care during their time of study and beyond.

In keeping with these goals, we require students under the age of 23 to live in dorm for the first 6 semesters at Briercrest. The first year is crucial for the support. Our data shows that freshman who are not in dorm are not as successful as those who engage in the dorm communities. In years 2 and 3, it is imperative that students continue to receive this support AND begin to peer mentor incoming students. Essentially, this becomes part of a discipleship model in which students learn to be a blessing to their broader community.

Provision is made for students turning 23 years of age during the college year (Sept-April) to live in community housing. Applicants must have completed 6 full semesters in dorm. Regardless of age or credit hours, students applying for community living are to be in good standing with the college, and its Responsibilities and Expectations guidelines.
